Presidents' Message

The next three meetings are superfragelistic. The November meeting will give all of us an opportunity to hear the DDNSA. The December Blobs Park awards luncheon is always a great event. It is a time to meet old friends and make new ones. In January we will have Representative Ben Cardin U. S. House of Representatives speak. I hope you can make all three.

As an incentive to gain new members the Chesapeake Bay Roost has initiated a program to sign up new members. If you sign up a new member both you and the new member will have a free lunch. That does not include the December Awards luncheon at Blobs Park.

We no longer publish a monthly printed letter. If you would like to receive monthly E-mails on what is going on in the Chesapeake Bay Roost please send your E-mail address to me at <oldcrow@comcast.net>

The Historical Electronics Museum (HEM) continues to grow. As it grows we have discovered a problem. We are very short on manuals. Do you have manuals that include data on electronics system? If you do the HEM would like to acquire them. If you want to keep the manuals please loan them to us so we can duplicate them for our library. Two HEM points of contact are: me and John McCarty <radarmus@erols.com>.
